Just tryna get my dough up, baby-dough up, baby  
We ship it out and pray it show up if it show up, baby-show up, baby  
We celebrate, go on and pour up, baby, yeah

Yeah, this that big Bay whale shit  
Back in the day when I used to had to mail it  
Pissin for my P.O., knowin' I would fail it  
Sick of the system, tired of that jail shit  
Cereal Milk, got the big bag (Big bad)  
Big moves, got 'em big mad (Big mad)  
Yeah, they love me on the east coast (On the east coast)  
Your baby mama wanna deep throat  
Underground king like Bun with the dirty gun  
Thirty-six and I'm rich, why I'm on another run? (I don't know)  
'Cause I'm built like that  
Why he throw those new rims on the wheels like that?  
Bern, how you just close another deal like that?  
I'm on one, I really am, I just feel like that  
I'm O.T. with the new shit, makin' my rounds  
I have a box, might last me if I'm breakin it down  
Yeah, I'm hidin' from the law and shakin' the clowns  
See, I keep the grass cut 'cause there's snakes on the ground  
Yeah, I'm hidin' from the law and shakin' the clowns  
Yeah, I keep the grass cut 'cause there's snakes on the ground

Fresh, all my shit taste the best (Taste the best)  
You gotta sell your shit for less (Come on)  
Marijuana mafia, your boy is on top, yeah  
The big boys want me to flop, we call shots  
I bent the corner in somethin' brand new  
We on a winnin' spree, yeah, my team can't lose  
I'm a mailbox veteran, twenty years in  
I'm an outdoor don by the time the year end  
Who got this high-end poppin'?  
And filled all the orders for the downtown shoppin'?  
I always feel like somebody's watchin'

No talkin' on my phone, take my brown bag and wash it  
Yeah, Big Bern, I'm on the come up (The come up)  
Big forty if they run up (If they run up)  
Yeah, I hustle 'til the sun up  
He hit it two times and coughed a lung up (A lung up)  
Yeah

Yeah, I'm just tryna roll up, baby-roll up, baby  
Just tryna get my dough up, baby-dough up, baby
