

# Run

Berner

She said  
Bern come check me out  
I said  
Bitch what?  
She said  
You know what I mean

She wanna run away  
I told her come my way  
And we can get drunk and fuck all day  
She wanna run  
She wanna run

She wanna run away  
I told her come my way  
And we can get drunk and fuck all day  
She wanna run  
She wanna run

Yeah the way that she look  
Them ass and the titties  
Every time I hit the city  
She tryna get with me

Lil cream check  
Yeah it's 5 AM and we ain't even sleep yet  
Running through that pussy  
Like I'm first in a race

Told her back it up for me  
And drop it on my face  
I'm a freak  
Duckin' phone calls with my wife  
I'm a creep

I feel bad every time I cheat  
But it tastes sweet  
And I love the way them lips feel  
My living room lookin'  
Like I'm back in Tip Drill

I beat it up like I just took a dick pill  
And when I leave she said  
"You really make me sick", yeah

Run  
She wanna run away  
I told her come my way  
And we can get drunk and fuck all day  
She wanna run  
She wanna run  
She wanna run

She wanna run away  
I told her come my way  
And we can get drunk and fuck all day  
She wanna run

She wanna run  
She wanna run

I love the way she laughs  
Them dimples and her tats  
I get a FaceTime  
Every time she in the bath

When I disappeared for weeks  
She wanna put me on blast  
Even during COVID  
I was in it with a mask

I made it rain this bitch  
And I don't need no cash  
The way I dig deep in this bitch  
I make it splash

Yeah she buy me weed and watches  
I ain't bought the bitch a bag  
Spend two weeks out in Paris  
Best time she ever had

When we fuckin' we don't say nothin'  
Man I pray to God  
There ain't a baby in her oven

Friends with benefits  
Yeah I gotta say I love 'em  
She went back to her man  
Now I got this bitch runnin'

Run  
She wanna run away  
I told her come my way  
And we can get drunk and fuck all day  
She wanna run  
She wanna run  
She wanna run

She wanna run away  
I told her come my way  
And we can get drunk and fuck all day  
She wanna run  
She wanna run  
She wanna run
