Yeah

You know I relate to the things, I'm relatin' to 'em  
That shit heartbreakin to 80 with their lighter under that spoon  
Searchin' for the stars and the moon

I was coke twistin', nose drippin', hoppin' out the low trippin'  
She on the low strippin', she didn't know different  
I'm out in KC, I'm trippin' 'til the low get in  
This shit just like home, 2-tone drippin'  
2 phone's clickin', new chrome spinnin'  
This bitch the devil, she almost caught us both slippin'  
With all the drama and the bullshit goin' on  
I'm barely holdin' on, the football's got me on  
Daydreamin', seein' doubles when I switch lanes  
I'm tryna duck lames, a legend in the drug game  
Rolodex look, many OT buggin'  
Half a mil tucked in a brand new oven  
Barcelona, tryna slide right through customs  
10 thou for a pound, next-level hustlin'  
SF love me, I'm rich, I'm still hungry  
I lost a lot of friends, my past still haunt me  
A few mil monthly, pockets real chunky  
They try to steal from me, he a real mummy  
Walk around like a mummy, boy, I'm half dead  
But I hope a little cookie smoke make it in my last breath

150k, I'm finna blow this shit on diamonds  
Respect lil young and hustle, but his package on consignment  
Solitary confinement, due the lack of being compliance  
Sacrifice it for my team, only way I could define it  
150k, I'm finna blow this shit on diamonds

Pullin' up the Levante, seats lookin' like picante  
Seven Old Valley drop day  
Truck sendin' off shockwaves  
You don't need 30 if you got aim  
And I'm from the dope game  
But I get it bundled up, my uncle hit me as soon as the whole came  
I gave the blammy to my little nigga and he finna go cray  
Whole day we was baggin' up  
Why the homie never mad at us?  
I told them niggas get a bag or somethin'  
Just blew through a half a onion  
And this on the blue band, a nigga burn in hell  
Fuck rap, I got a murder rap  
Where you from? Never heard of that  
Base rock, I was servin' that at like 15, maybe 14  
Put him on, that's the OG  
Cut you off, you the police  
Money up 'til the phone ring  
Hello? Meet me at the KFC  
Nigga money up 'til my phone ring  
Place a order for the whole thing  
And we want half of it

Every time I fly and rap in another city  
I get a bag from it  
I'm feelin' like Pablo Escobar 'cause I got the trap buggin'  
I blew a quarter mili on myself 'cause I never had nothin'

150k, I'm finna blow this shit on diamonds  
Respect lil young and hustle, but his package on consignment  
Solitary confinement, due the lack of being compliance  
Sacrifice it for my team, only way I could define it

Sacrificin' for the team  
Pocket fulla cheese  
I can hear you niggas talkin' but it's not what I believe  
I give a lot of blessings so a lot's what I recieve  
Then I'm workin' every day so at the top's where I'ma be  
Don't really need awards, ain't nothin' off what I've achieved  
I'll just take the millions dog, and the crib and lotsa weed  
I own a property, your girl on top of me  
And them niggas that I'm ridin' with ain't never crossin' me  
We went to private flight from smokin' out economy  
To Maybachs with the curtains when we need some privacy  
I let her hit the kush, now she can never lie to me  
You swear you niggas drippin' but you lookin' dry to me  
I gotta get this cake, you know how expensive Prada be  
Ain't worry 'bout the shit that come my way, that's not a thing  
And if you want some smoke, well there's some smoke you gotta bring  
All my niggas was right there when niggas started things  
You know what I mean?
