

## Still Holdin

Berner

(I got Traxx on this bitch, I don't know how to act)  
Went adios  
Gelato blunts  
That's that Bernie, hah, that's that Bernie  
I need the hash stash  
Small batch shit on me  
You know I'm tryna get big high, dumb high  
Proceed to sale  
We got roots in this shit, literally  
Bern

Fresh batch, and I'm fresh back  
I'm lookin' at these bags and I'm ready to let the bread stack  
When I was young, I had Cali by the ten-pack  
I'm daydreamin', I was startled when my rim cracked  
Pulled over 'cause I was high  
I'm lookin' at my tire, smoke floatin' out the S5  
Fuck it, I'ma push to the spot  
It's right down the block, plus I'm late, gotta make this drop  
Dirty twenties in the old grey bag  
I'm one block away, smoked the whole way back  
I'm smellin' like a P, but I'm real dirty  
Got a box, half an M, clip hold thirty  
Five-O at the red light chillin'  
You know the feelin', the shit that make you sick of drug dealing  
I saw 'em switch lanes and the lights came  
Life's a gamble and I'm livin' in a dice game  
Here we go, moved over to the right lane  
Slowed down, hit a button, phone wiped clean  
Flashlights all I see in my rearview  
And when you at this level, then they fear you  
Driver's license in my hand when I got [?]  
This cop is a fan and he want a sack  
This type of shit happen all the time  
I told him, "Hit the store tomorrow, dog, you ain't gotta wait in line"  
Deep breath as I made the left  
I parked, had to take a second just to clear my head  
Grab the vibes, time to clear my mind  
Three-gram Cali full of Bernie, fresh off the vine  
Made it to the drop right on time  
We laughed about the cop, the homie said I shouldn't smoke and drive  
But I need this smoke all the time  
They even told me not to smoke when I almost died, but

Still smokin' (Still smokin')  
(There's somethin' bout the bag, still smokin', still holdin')  
Still smokin' (Still smokin')  
(Got the best bud in town, still smokin', still holdin')  
Still smokin' (Still smokin')  
(There's somethin' bout the bag, still smokin', still holdin')  
Still smokin' (Still smokin')  
(Got the best bud in town, still smokin', still holdin')
