Honestly, your boy been a player

Plugged in the south, I'm good in the east too
Popped a few Xans, I might sip a little lean too
Team keep it lit, got me back on my shit
So much work in my duffel that the bag doesn't zip
In my city, it be cold if you haters wanna kill me
I just wanna get high, Lb I know you feel me
Turkey bag boys, do a line with the big face
Miss me with the drama, let your boy get cake
Joe Ski got the woods lit, find my broad a hood bitch
She gon' suck all of us off and keep it movin'
Got fresh out the stove but we rep the whole area
Made a few Ms, now I'm on my way to bury ya, Bay shit

No back seats any time we chiefin' with the team

No need for conversations if it ain't about that bag
It's bang gang, keep it lit, cookie boys
Grab the cups, mix the soda with the boy
Lemonade, mix it up with Chips Ahoy
Undefeated, feel like I'm Floyd
