Don't burn my seats, don't burn my seats
This car's for smokers only

No stars in the roof, no coupe, but it's bulletproof
(Yeah, but it's bulletproof)
And the windows stay up, so I'ma light two
This car's for smokers only

Pull up, hop out, hotbox, top down, not now, nah
It's too cloudy, I needed this, the crew 'round me believe in this
Can't believe I'm breathin' this, GP with the cheetah piss

And I think they know who the man is, the last one standing
Hold the game for ransom, it's all mine, they small-time

Slide through, got the trap jumpin', wou window shop, grab somethin'
No bitches, bag somethin', I can't feel nothin', I have some
Yeah, and I'm comin' for my crown
This is bulletproof glass, the windows don't roll down
(No, they ain't rollin' down)

Roll up, hold up, no bud? No love
No glove
Girl, you trippin', the ass fat, this too good, I won't pass it back
New shit in the plastic bag, too strong, laugh attack
Tell that postman, "Bring my package back"
I'm rich, I don't know how to act, these new kids don't know how to trap
Let me light my J, yeah, I might go to jail, but I might get paid
Took big risks, I'm dumb flexin', I'm big steppin' (Big steppin')
Big chains on all of us, my crew reppin'
Yeah, you buy the stem from a clown
This is bulletproof glass, these windows don't roll down
(They don't roll down)

Don't burn my seats, don't burn my seats
This car's for smokers only
Yeah, and we burn big weed, and it get hard to breathe
This car's for smokers only
No stars in the roof, no coupe, but it's bulletproof
(Yeah, but it's bulletproof)
And the windows stay up, so I'ma light two
This car's for smokers only

If you gon' hop in the whip and blaze
Please respect my J's
