

## Xanax and Patron

Berner

I'm dizzy, F1 got the room pissy  
Good smoke in my lungs, drunk bitch don't kiss me  
Fresh picked, still sticky, but it burn right  
I'm everythang that your girl like  
I went from trimmin' to swimmin' in beaches  
From Puerto Rican and Dominican girls, with no Visas  
Light the reefer, pass it to the left  
I told her hold it in  
Let it burn to the end and we'll smoke again  
My flip-flops Gucci, in my crib watch movies  
In my own home theatre, with three or four groupies  
Lobster roll, hot Saké with the sushi  
Flip coke money, in the rap game  
They wanna prosecute me  
A couple tried to shoot me, let me live player, let me get paper  
Three Xanax bars, that's a mind eraser  
All the money and cars, I got all kinds of haters

I don't ever sip alone  
Xanax and Patron, I don't remember gettin' home  
Xanax and Patron, I don't ever sip alone  
Xanax and Patron, I don't remember gettin' home  
Xanax and Patron

When you're in the Dam, Better think about (kosher?)  
Bitches passin' out at the Green House  
Take a hit, lights out at the hash bar  
On the floor eyes open, what you ask for?  
Smoke everywhere, now ya need the Doctor  
Air lifted, elevated, hellicopta'  
Don't be comin' with no rookie lungs in the Dam  
Don't be pumpin' up your chest like you're goin' H.A.M  
Got ya flyin' into the E.R, first class  
Got ya tappin' in a minute, first dance  
When the thrust lasts, like a blast from a dab hit  
Bern's in flight for the slab, bitch  
From the herb, maybe shrub, then to shatter  
Maybe hardcore, settin' off the high in the brain matter  
In my shot glass, fire water  
Berner got the Xanny  
Lights out

She let us pop those, and I got those  
I'm a two boss star, I move got fo  
All the games, mix Patron, with champagne  
Got me chillin' in the zone, like I'm gone on the plane  
Yeah I wanna catch a fade  
So I call my homie Berner, when he said he'll put me on, in the Bay  
Breakin' cookies on the tray  
Glass tips, Raw Papers when I twist, you ain't fuckin' with my day  
Shit, it's just another day  
Turn to a goodnight and it's goodnight for ya right away  
All ya first top dabbers, we high like ladders  
When ya really get money, mane shit don't matter
