

High Calling

Bernice West

Ooh... ooh o-oooh o-oooh o-oooh

When there's an issue
That wants to take your life
And you really think it is the end
He reminds you of your future
He reminds you of your future

When a problem doesn't go away
And you really think it is the end
He reminds you of your future
He reminds you of your future
So remind me
Remind me

That I have a high calling
I have a high calling
And it is never the end
It's just beginning
I have a high calling
I have a high calling
And it is never ever ever over

Ooh... ooh o-oooh o-oooh o-oooh

When the devil tells you lies
And you really think it is the end
He reminds you of your future
He reminds you of your future
Come remind me
Come remind me

That I have a high calling
I have a high calling
And it is never the end
It's just beginning
I have a high calling
I have a high calling
And it is never ever ever over

Ooh... ooh o-oooh o-oooh o-oooh

Ooh... ooh o-oooh o-oooh o-oooh

'Cause when you think it is the end
When you think it is the end
When you think it's the end
That's where it begins

Ooh... ooh o-oooh o-oooh o-oooh
Yeah yeah yeah yeah

I have a high calling
Higher calling
I have a high calling
Higher calling
And it is never the end

It's just beginning
I have a high calling
I have a high calling
It's just beginning
And it is never ever ever over

Ooh... ooh o-oooh o-oooh o-oooh

Ooh yeah yeah yeah
Ho-a-a-a-oh
Ooh mmmm...
