

## Going Home

Bert Jansch

Driving through the wind and rain  
Got my baby beside me too  
Baby we're going home  
Just me and you

I don't mind the drizzling rain  
Inside it is warm and dry  
Hey baby we're going home  
I'll kiss the blues bye-bye

See the raindrops dance on the highway  
A million starlights bright  
Babe we got to keep on trucking,  
Trucking tonight

There's a truck stop sign up ahead  
Glistening in the rain  
Maybe we could stop a little while  
Then back on the road again

So lay back your pretty little head  
And dream the night away  
Dream of a snow white pillow  
And a great big feather bed

Driving through the wind and rain  
Got my baby beside me too  
Hey baby we're going home  
Just me and you
