

# Apples And Diamonds

Bertine Zetlitz

Although  
I know  
The way to your door I won't go  
Cause once you get me spinning  
There's nothing I want to know  
Cause I've got apples and diamonds  
To last me a year  
So frankly I'm quite comfortable here  
But if you whisper my name and promise you won't cling  
Maybe it wouldn't be so bad  
With a fling  
You say you've changed your name  
You say that nothing will ever be the same  
And you hold my head so tight  
It would be useless to fight  
Cause I've got apples and diamonds to last me a year  
So frankly I'm quite comfortable here  
But if you whisper my name and promise you won't cling  
Maybe it wouldn't be so bad  
With a fling  
Although  
I know the way to your door  
I won't go  
Cause once I get under your covers  
There's nothing I want to know  
Cause I've got apples and diamonds to last me a year  
So frankly, I'm quite comfortable here  
But if you whisper my name and promise you won't cling  
Maybe it wouldn't be so bad  
With a fling  
And you hold my head so tight  
It would be useless to fight  
But if you whisper my name and promise you won't cling  
Maybe it wouldn't be so bad  
With a fling
