

Lilith

Besatt

A new world - created from dust of nothingness and rocks
Naked paradise - rejected, she runs awayscreaming Shem ha-
mephorash
The first revolt - unruly, she promised betrayal and pain
The covenant of evil - with Samael, begetting demons and conquering new lands.
I am the mother of thousands sufferers
I am the law of all equality
No, no, no! I will not kneel before the creator
The truth gives me a weapon of revenge!
Legions of demons
Shem ha-mephorash
Thousands of bastards
Shem ha-mephorash
She's beauty - long hair and scarlet raiments
She's death - given in kiss of bliss
She's revenge - bloody sword and fire, burns enemies
She's portal - a mirror in caves of sin, is wild euphoria
Lillith, Lillith, Lillith - the Mother of demons
