

# Baby I'm Crying

Best Coast

My eyes aren't what  
You say they are  
My hands they don't  
Reach that far  
My heart is open  
Like a door  
But I don't trust you  
Like before

I don't know who  
I am this year  
My feelings are  
Nothing but fear  
My head, my heart  
Open wide  
You came and took me  
By surprise

Maybe one day you'll be the one  
Maybe one day I will see the setting sun  
Maybe one day you'll be the one  
But until then  
Baby I'm crying  
Baby I'm crying

My life has come  
And gone so fast  
I don't remember much  
From the past  
I searched through  
Every open book  
Can you please come  
And take a look

Maybe one day you'll be the one  
Maybe one day I will see the setting sun  
Maybe one day you'll be the one  
But until then  
Baby I'm crying  
Baby I'm crying

Baby I'm crying  
Baby I'm crying  
Baby I'm crying  
Baby I'm crying
