

Metal Fucking Death

Bestial Mockery

Lords of demonic mayhem
Whipping the souls of the damned
Black blood electrocution
Obsessed by the roar of Hell

Unleash the cursed legions
Call on the bestial wind
Soldiers of evil come marching
Ready for carnage and war

Metal Fucking Death

Unholy invocations
By cults of the underground
Sermons of profanation
Like a chainsaw in the one crucified

Storming into Armageddon
Bloodlust and infernal noise
Eternal our pact with the Devil
Satanic... to the death

Metal Fucking Death

Burn the priest
Slay the weak
Slaughter rites
Metal Fucking Death
