

Tongue Tied

Beta Radio

Tongue Tied
I can feel the shadows
Your eyes
I don't know 'em now

Tongue Tied
I can feel the shadows
Oh I
I don't know you now

Cannibal star
Come over and listen
And cut me apart
To show what I'm missing
I don't ever know
How to hold
The weight of my soul
When letting go
But I'm falling
In my own illusion
I don't know my way back

Tongue Tied
And I feel the shadows
Your eyes
I don't know 'em now

Tongue Tied
And I feel the shadows
(I don't know my)
Oh I
(Way back home)
I don't know you now

Tongue Tied
And I feel the shadows
Your eyes
Tongue Tied
