

Losing My Mind

Betcha

Well I fell in love with skinny on the corner
Come on over we can smoke if you wanna all night
And I love you darlin' yes I adore you
I'd love you longer but I can't afford you all night

So is there anybody out there
Is there anybody out there

Or am I losing my mind
Am I losing control
Am I losing my mind
They say I don't really know

So what am I to the rocks lord
What am I to the mountains
They say you don't know if you're lost lost lost
Until after it happens

So is there anybody out there
Is there anybody out there

Or am I losing my mind
Am I losing control
Am I losing my mind
They say I don't really know

Well I do not know
