

Tennessee Sunset

Betcha

Tennessee sunset in the sky
I just wanna kick back in my ride
Guess I gotta get you off my mind
Off my mind, off my mind

Tennessee sunset in the sky
I don't wanna call with no reply
Guess I gotta learn to say goodbye
Say goodbye, say goodbye

(Ooh)

Where'd the money go we were saving
I don't wanna lie like it ain't on me
Never made time for the changes
All of my sides have pity on me
You say it's mine for the takin'
I don't ever wanna do it less we do it right
Sun in our sky is fading
Fading for one last time

Tennessee sunset in the sky
I just wanna kick back in my ride
Guess I gotta get you off my mind
Off my mind, off my mind

Tennessee sunset in the sky
I don't wanna call with no reply
Guess I gotta learn to say goodbye
Say goodbye, say goodbye

Tennessee sunset
