

Trippin

Betcha

I don't wanna be
Your topic of discussion
Why are you always
Making something out of nothing
Just chipping away
Until I don't know how to function
Then leaving me blushing
I'm crying through my sunken eyes

Had nothing to say
When I told you that...

I think you like it when I fall
When I trip over your feet
And hit a wall
Maybe I should step aside, step aside
You're doing it every time
I think you like it when I fall
La da da da da da
La da da da, ooh...

I don't wanna take these punches
You keep throwing at me
Manipulating what I'm saying
Til I don't wanna speak
Maybe its power
Or you love to see me broken
Just run down and hopeless
I'm crying but its no surprise

You just looked away
When I told you that...

I think you like it when I fall
When I trip over your feet
And hit a wall
Maybe I should step aside, step aside
You're doing it every time
I think you like it when I fall
La da da da da da
La da da da, ooh...

Had enough so
Get it off
Just get it off your chest
Gotta let go
Never needed anybody less
I've had enough so
Get it off
Just get it off your chest
Gotta let go
Gotta, gotta let go

I think you like it when I fall
When I trip over your feet
And hit a wall
Maybe I should step aside, step aside

You're doing it every time
I think you like it when I fall
La da da da da da
(La da da da da da)

La da da da, ooh...
(La da da da da da)
