

## Drive Away

Betchadupa

Cry to avoid the pain  
Of someone you love who controls these things  
A step makes a bitter gaze  
You mind you thoughts away

Chorus

Don't believe what you breathe  
Just get down on your knees  
And you'll never lose your mind again  
Drive away

Down in the slopes again  
Its going down fast on the shortest day  
Your brain makes your heart strain  
And her pain makes the sky grey

Chorus

Bridge

Feelin worn out  
Youre feelin torn up  
I think you have had yourself away  
Feelin worn out  
Youre feel torn up  
I think you have had yourself away  
Feelin worn out  
Youre feel torn up  
I think you have had yourself away  
Youre feelin worn out  
Feelin torn up  
Think you have had yourself away
