

# Better Off

Beth Crowley

You're just a burden  
Taking up way too much space  
It won't get easier  
That's what your doubts always say

And on your darkest nights  
You get so tired of trying  
Picture what it would be like  
If you were gone

But what you don't see  
Is your family  
Blaming themselves  
And every friend who  
Adores you  
Thinking they failed

And all the voices in  
Your head are liars  
They can go to hell  
Nobody's better off without you  
Nobody's better off without you

People will tell you  
You aren't alone in this fight  
It's clear they mean well  
But they don't know what it's like

Yet they refuse to leave  
Hoping that you'll believe it  
When they insist that nothing's fixed  
If you're gone

'Cause what you won't see  
Is your family  
Blaming themselves  
And every friend who  
Adores you  
Thinking they failed

And all the voices in  
Your head are liars  
They can go to hell  
Nobody's better off without you  
Nobody's better off without you

Some days  
It's exhausting just being alive  
When it feels like your whole  
World is on fire  
It's tempting to give  
Into the flames  
And the hardest thing is  
Choosing to stay

Come tomorrow you might  
Have to again

'Til you break  
This vicious cycle you're in  
Maybe life didn't turn out  
Like you thought  
But it's never going to change  
If you're gone

'Cause what you won't see  
Is your family  
Blaming themselves  
And every friend who  
Adores you  
Thinking they failed

And all the voices in  
Your head are liars  
They can go to hell  
Nobody's better off without you  
Nobody's better off without you
