

Hey.

Beth Crowley

Hey
I know it's been a while
This will probably be a mess because
I didn't plan what I was going to say
But I
I needed to talk to you
I had to tell you about this dream I had
The other day

We were standing there
Just the two of us
For a moment everything went back
To how it was
You reached out to me
And you grabbed my hand
Gave a little squeeze
Then you turned to me and you said

Where have you been?
Where are you going?
Whatever happened to the
Light behind your eyes?
Don't look so sad
You're just getting started
And everything is going to be okay

I
Used to be good at this
I could always speak my mind but now
I just can't seem to find a place to start
'Cause I
God, I've been dreading this
Finally admitting that
The hardest part

Is that I hate myself
For being mad at you
Because of course this isn't something
You would ever choose

Still you left me here
Went so far away
So every night I sleep
And hope you'll come to me so you'll say

Where have you been?
Where are you going?
Whatever happened to the
Light behind your eyes?
Don't look so sad
You're just getting started
And everything is going to be okay

It's not fair
I don't want to go on without you
And I'm angry to know that I have to
It's not fair

It's not fair
It's not fair
Why couldn't you stay?

Where have you been?
Where are you going?
Whatever happened to the
Light behind your eyes?
Don't look so sad
You're just getting started
And everything is going to be okay
Everything is going to be okay
