

# Monster

Beth Crowley

I sleep all day  
I prowl at night  
Do anything to feel alive  
I'm in the end just what you made me

I look the same  
But I'm not fine  
The Master of my own disguise  
If you knew the truth you'd probably hate me

I need a fight  
I've got you in my sights  
Only one of us will make it out alive

I'm turning into a monster  
You better run and hide  
I'm turning into a monster  
Right before your eyes  
My tongue is a weapon  
And I'm locked and loaded  
When you least expect it  
You won't know it's coming  
And I'll strike, cause I'm a monster

I'm merciless, when will you learn?  
Set fires just to watch them burn  
I bet you never saw me coming  
Delirium takes over me  
You're just another casualty  
I can hear your heartbeat drumming

I need a fight  
I've got you in my sights  
Only one of us will make it out alive

I'm turning into a monster  
You better run and hide  
I'm turning into a monster  
Right before your eyes  
My tongue is a weapon  
And I'm locked and loaded  
When you least expect it  
You won't know it's coming  
And I'll strike, cause I'm a monster

I'm turning into a monster  
You better run and hide  
I'm turning into a monster  
Right before your eyes  
My tongue is a weapon  
And I'm locked and loaded  
When you least expect it  
You won't know it's coming  
And I'll strike, cause I'm a monster  
I'm a monster
