

## Not Like This

Beth Crowley

I can't believe I'm saying no  
As you look at me like that  
A couple of drinks and you're feeling bold  
But it's only 'cause you're sad

I know she broke your heart  
And you're desperate to forget  
I've wanted you forever  
Wanted you forever  
But not like this

When you're trying  
To lose yourself  
And I might as well be  
Somebody else  
It would be easy  
To just give in  
I've thought of it  
But not like this

I would agree  
When you used to say  
We were better off as friends  
Then you fell for her  
And it was too late  
Now I get a second chance

You're right in front of me  
And you start to take my hand  
I've wanted you forever  
Wanted you forever  
But not like this

When you're trying  
To lose yourself  
And I might as well be  
Somebody else  
It would be easy  
To just give in  
I've thought of it  
But not like this

Maybe in the morning  
I'll be kicking myself  
For overthinking but  
In my head  
This moment  
Has always been perfect  
But not like this

When you're trying  
To lose yourself  
And I might as well be  
Somebody else  
It would be easy  
To just give in  
(Just give in)

No not like this

When you're trying  
To lose yourself  
And I might as well be  
Somebody else  
It would be easy  
To just give in  
I've thought of it  
But not like this
