

# Tell Me Who You Are Today

**Beth Gibbons**

If I could change the way I feel  
If I could make my body heal  
Free from all I hear inside

All brought forward from my hand  
A pagan sorrow my command  
Here am I a lonely love  
Falling now, falling in

Come over  
Listen to me

Tell me all you want to say  
Tell me who you are today  
Free from all I hear inside

Come, ooh, over here  
Listen to me  
My hand on my heart

Come, ooh, over here  
Listen to me  
Come, ooh, over here  
To me
