

Everything

Beth McCarthy

Leave it all at the door
Turn your face to mine
We don't need to speak if you just wanna sleep tonight
See you rise, see you fall
I know some days you fight
Playing hide and seek with the darkness and the light

You made me everything
But I can't make you whole
You wanted everything
But I can't give what I don't own
And I'm trying my best to be
All that you'll ever need and nothing more
You think I have everything
But what if I don't?

On repeat, we never sleep
Thinkin' 'bout all you've done
If you can't close your eyes
Just drink until morning comes
It's getting late, I'm awake
Waiting on you to call
Uselessly realise that love comes before the fall

You made me everything
But I can't make you whole
You wanted everything
But I can't give what I don't own
And I'm trying my best to be
All that you'll ever need and nothing more
You think I have everything
But what if I don't? What if I don't?

Ooo, I won't watch you fall apart
We've come too far to give it up
Ooo, if we don't hold onto love
There'll be nothing left of us

You made me everything
But I can't make you whole
You wanted everything
But I can't give what I don't own
And I'm trying my best to be
All that you'll ever need and nothing more
You think I have everything
Well, what if I don't?
You think I have everything
What if I don't?
