Wildfire

Beth McCarthy

I already know how it all plays out
I've been here before I can see it in your eyes
Too high you're falling now
Boy just slow it down

'Cause I am wild, wild, wild, wildfire
I am wild, wild, wild, wildfire
I am wild, wild, wild, wildfire
I am wild, wild, wild, wildfire

I don't wanna hurt nobody
I don't wanna let you down
I just wanna touch your body
But I'll burn you from the inside out
Please don't make me say I'm sorry
I don't wanna lead you on
But lately, I've been counting bodies and darling
You are just another one

'Cause I am wild, wild, wild, wildfire
I am wild, wild, wild, wildfire

Don't get me wrong, this is not your fault
I've been hurt before I can't pretend you're more than
Just a way to ease the pain
And boy that's never gonna change

'Cause I am wild, wild, wild, wildfire
I am wild, wild, wild, wildfire

I don't wanna hurt nobody
I don't wanna let you down
I just wanna touch your body
But I'll burn you from the inside out
Please don't make me say I'm sorry
I don't wanna lead you on
But lately, I've been counting bodies and darling
You are just another one

'Cause I am wild, wild, wild, wildfire
I am wild, wild, wild, wildfire

A free fire
A burning light
You can't control it
Control me
Control...

I don't wanna hurt nobody
I don't wanna let you down
I just wanna touch your body
But I'll burn you from the inside out
Please don't make me say I'm sorry
I don't wanna lead you on
But lately I've been counting bodies and darling
You are just another one

```
'Cause I am wild, wild, wild, wildfire
I am wild, wild, wild, wildfire
I am wild, wild, wild, wildfire
I am wild, wild, wild, wildfire

I am wildfire
```
