

Right Back Into The Feeling

Beth Nielsen Chapman

Love, it's true that when it comes to you
I've tried to keep my two feet on the ground
My, it's strange how quickly life can change
You've got my nights and days all turned around
Waited for it, sweet surrender
Waited for it, endless charm
Waited for it, every moment spent in your arms
Sends me right back into the feeling
When the world melts under your touch
And you toss my heart through the ceiling
No reason not to fall in love
Love I've lost, came at so high a cost
Thought I'll be better off just on my own
Then we kissed and all the fun I'd missed
Felt like a thousand ships turning for home
Waited for it, I'd almost given up
Waited for it, believing you would come
Waited for it, every time I think I should run
You take me right back into the feeling
Where the world melts under your touch
When you toss my heart through the ceiling
No reason not to fall in love
I try to think about the consequences
Second guessing with a backward glance
But my brain doesn't stand a chance
Chained to the crazy dreams my heart has
You send me right back into the feeling
Where the world melts under your touch
And you toss my heart through the ceiling
No reason not to fall in love
You send me right back into the feeling
Where the world melts under your touch
And you toss my heart through the ceiling
No reason not to fall in love
