

## I Know

Bethany Joy Lenz

I know what this looks like, I know I know  
I know what they're saying, I know I know  
That you're just on the other side of a real bad way  
and you're just on the other side  
of drowning your life away  
Well it's too damn bad it's all a big cliché  
Cause I know you were always the one  
I was looking for

God help me if I don't see right  
and God help me if you're a liar  
I know what I'm feeling for the first time in my life  
You're just on the other side of a real bad way  
and you're just on the other side  
of gambling your life away  
Well it's too damn bad it's all a big cliché  
Cause I know you were always the one  
I was looking for

When you spend your life standing in the river  
blistered and burnt from your choice  
of shifting through the rubble looking for your gold  
when you find your gold you know the score

I know a lot less than I knew before  
and I know a great deal more  
I know life is on the line  
but if we don't try tell me what's it all for?  
Listen, I'm just on the other side of a real bad way  
and I'm just on the other side  
of throwing my life away  
Well it's too damn bad it's all a big cliché  
Cause I know you were always the one  
I was looking for
