

Quicksand

Bethany Joy Lenz

When they all tell me it's over
Even the stars are aligned and
I follow the sign so clearly
And still I fall in
Quicksand pulling me down
I follow the sign so clearly
And still they catch me
Quicksand pulling me down

I'd like to say
I make good use of my time
While you've been away
And it's true
I've been at my piano everyday
Thinking of you

They talk around
I hear them whisper
It's the funniest thing we

Think you're gone forever
I know the truth
It's just getting hard to believe it
