

# Better Than

Bethel Music

It's gonna be better than, better than  
Better than I could dream  
It's gonna be better than, better than  
Better than I could dream  
It's gonna be better than, better than  
Better than I could dream  
It's gonna be better than, better than  
Better than I could dream

Your goodness, can't be stopped  
Your love, is better than I ever thought  
Your mercy, saved my soul  
Your kindness, came down to make me whole

I prophesy into tomorrow  
We will see the goodness of our God

It's gonna be better than, better than  
Better than I could dream  
It's gonna be better than, better than  
Better than I could dream  
It's gonna be better than, better than  
Better than I could dream  
It's gonna be better than, better than  
Better than I could dream

One seed, can move a mountain  
One yes, can change it all  
One moment, in Your presence  
That's all, I ever want

I prophesy into tomorrow  
That we will see the goodness of our God

It's gonna be better than, better than  
Better than I could dream  
It's gonna be better than, better than  
Better than I could dream  
It's gonna be better than, better than  
Better than I could dream  
It's gonna be better than, better than  
Better than I could dream, yeah

You turn ashes into beauty, mourning into joy  
That's who You are, God, that's who You are  
And You can move the tallest mountain, with the smallest seed  
That's what You do, God, that's what You do

You turn ashes into beauty (Into beauty)  
Mourning into joy  
That's who You are, God (That's who You are, God)  
That's who You are (That's who You are)  
And You can move the tallest mountain (You move the mountain)  
With the smallest seed  
That's what You do, God (That's what You do, God)  
That's what You do

It's gonna be better than, better than  
Better than I could dream  
It's gonna be better than, better than  
Better than I could dream  
It's gonna be better than, better than  
Better than I could dream  
It's gonna be better than, better than  
Better than I could dream, yeah

Yes, we prophesy  
We will see Your goodness  
In the land of the living

You turn ashes into beauty (Into beauty)  
Mourning into joy  
That's who You are, God (That's who You are, God)  
That's who You are (That's who You are)  
And You can move the tallest mountain (You move the mountain)  
With the smallest seed  
That's what You do, God (That's what You do, God)  
That's what You do  
You turn ashes into beauty (Into beauty)  
Mourning into joy  
That's who You are, God (That's who You are, God)  
That's who You are (That's who You are)  
And You can move the tallest mountain (You move the mountain)  
With the smallest seed  
That's what You do, God (That's what You do, God)  
That's what You do

And I prophesy into tomorrow  
I prophesy into tomorrow  
I prophesy into tomorrow  
That we will see the goodness of our God

It's gonna be better than, better than  
Better than I could dream  
It's gonna be better than, better than  
Better than I could dream  
It's gonna be better than, better than  
Better than I could dream  
It's gonna be better than, better than  
Better than I could dream
