

Come Up Here

Bethel Music

Invisible, yet tangible
Childlike and simple
Limitless, heaven thinks like this
Oh this is the kingdom realm

Now I feel heaven close
I can hear You calling

Come up here, the door is standing open
Come up here, just let go of all the weight
When you're up here, there's no chaos or confusion
It is clear, so come up here

Hey yeah

Higher thoughts, higher ways
Not by sight, only by faith
Your Word it leads and Your Spirit guides
Oh I was born for this kingdom realm

So quiet all the noise
Listen, you can hear Him

So come up here, the door is standing open
Come up here, just let go of all the weight
When you're up here, there's no chaos or confusion
It is clear, so come up here

Hey

What water am I walkin' on and what's my sea to part
If faith can move my mountains, oh let faith now fill my heart
'Cause the kingdom it is coming and yet it's here right now
So I'll close my eyes and lift my sights on heaven all around

It's all around
It's all around
Ooh-ooh-ooh-ooh

So come up here, the door is standing open
Come up here, just let go of all the weight
When you're up here, there's no chaos or confusion
It is clear, so come up here

Woo-ooh-ooh
Woo-ooh-ooh
