

I Will Rise

Bethel Music

In the quiet of the morning
When no one knows and no one needs to know
You speak to me, You give me strength
There's nothing like the secret place

Underground is where life begins
My heart will rejoice in the hiddenness
Beyond the burial, there's a resurrection
Your will be done in me

In the stillness all around
Where You are working all the details out
What's in me will grow someday
I trust Your timing and Your ways

Underground is where life begins
My heart will rejoice in the hiddenness
Beyond the burial, there's a resurrection
Your will be done in me
Oh-oh, let my roots go deep

And I will rise, I will rise
He holds the time that I will rise
I will rise, I will rise
He holds the time that I will rise
I will rise, I will rise
God through my life be lifted high
I will rise, I will rise
God through my life be lifted high
Let Jesus rise, in this place, let Jesus rise
God through my life be glorified
Sing it, sing it, sing it
Let Jesus rise, Jesus rise
God through my life be glorified
Sing it
Let Jesus rise, Jesus rise
God through my life be glorified
Let Jesus rise, Jesus rise
God through my life be glorified
Let Jesus rise, Jesus rise
God through my life be glorified

Rise, rise, rise, rise
Rise, rise, rise, rise
Jesus, Jesus, Jesus, Jesus
