

Praise Is The Highway

Bethel Music

The rocks will cry out, the oceans will roar
The mountains will bow to the name of the Lord
He is our God, He will be praised

The idols will fall, the strongholds will break
Every weapon that forms will shatter and fail
He is our God, He is our faith

Praise is the highway to the throne of God
Praise is the highway to the heart of God
Praise is the highway to the move of God

Revival will come, the Church will awake
His anthem will drown all other refrains
He is our song, He forever reigns
He reigns

Praise is the highway to the throne of God
Praise is the highway to the heart of God
Praise is the highway to the move of God

Lift up your head, fling wide the gates
Break down the walls with a shout of praise
Lift up your voice, pull heaven down
Oh, sing like thunder His praises loud

Lift up your head, fling wide the gates
Break down the walls with a shout of praise
Lift up your voice, pull heaven down
Oh, sing like thunder His praises loud

Praise is the highway to the throne of God
Praise is the highway to the heart of God
Praise is the highway to the move of God

Praise is the highway to the throne of God
Praise is the highway to the heart of God
Praise is the highway to the move of God

Lift up your head, fling wide the gates
Break down the walls with a shout of praise
Lift up your voice, pull heaven down
Oh, sing like thunder His praises loud

Lift up your head, fling wide the gates
Break down the walls with a shout of praise
Lift up your voice, pull heaven down
Oh, sing like thunder His praises loud

The highway...
