

## Arwen Song

Beto Vázquez Infinity

I give you my hand with joy  
I hold you tight and allways be with you

Walking together we dont look back  
Don't be afraid, here I am to hold you

Tell me what your dreaming  
Tell me while your sleeping  
with you, allways smiling  
love shine's in my heart

Tell me what your dreaming  
Tell me while your sleeping  
I'll be your guardian angel  
My shinning little star

Can only see you grow up  
And day by day I take you inside  
the colour of your world and your smile  
paint my days with your love allways

Let me see your feelings  
And your fears so I can protect you.

I will be tacking care  
Forever my love.

Tell me, Tell me  
I'll be your guardian angel...
