

# Ce Soir

Betta Lemme

Gucci, baby, can you flip this frown?  
I've met someone named trouble and they've really got me down  
Ever since I lost them, my minds been just spinnin' round  
I wanna pack my thoughts up and head straight right outta town

But what's the use of an escape?  
I'd just be lonely in LA  
Thinking of you like every day  
I wanna know...

What's love if you're not here with me  
Ce Soir (Ah-ah)  
Ce Soir (Ah-ah)  
Ce Soir (Ah-ah)  
What's love if you're not here with me  
Ce Soir (Ah-ah)  
Ce Soir (Ah-ah)  
Ce Soir...  
What's love if you're not here with me  
Ce Soir

Siri baby, play my favorite song  
I need to feel the way I felt before this love was gone  
Maybe I could dance and serenade myself at home  
Slip into a fantasy where I'm better alone

And even if I did escape  
I'd just be lonely, go insane  
Thinkin' of you like every day  
I wanna know...

What's love if you're not here with me  
Ce Soir (Ah-ah)  
Ce Soir (Ah-ah)  
Ce Soir (Ah-ah)  
What's love if you're not here with me  
Ce Soir (Ah-ah)  
Ce Soir (Ah-ah)  
Ce Soir...  
What's love if you're not here with me  
Ce Soir...
