

## Dance Til Forever

Betta Lemme

I thought about you all the time  
I used to wish that you were mine  
And when we kissed, I knew I'd miss you  
Every time we said goodbye

But since you've gone I've figured out  
Just how I'm gonna be okay  
Since you've gone I hear my heartbeat say, say, say

Don't stop now, dance til forever  
Move alone, free as a feather  
Glad we're done, felt like forever  
And now I'm moving on  
Hearts are made to break and retape 'em  
Throw that pain back where it came from  
Don't stop now, dance til forever  
That's why I'm moving on

J'aimerais te dire que je m'ennuie  
Mais simplement j'suis mieux sans toi  
Et dans la vie il faut danser  
Même si nos cœurs sont full brisés

But since you've gone I've figured out  
Just how I'm gonna be okay  
Since you've gone I hear my heartbeat say, say, say

Don't stop now, dance til forever  
Move alone, free as a feather  
Glad we're done, felt like forever  
And now I'm moving on  
Hearts are made to break and retape 'em  
Throw that pain back where it came from  
Don't stop now, dance til forever  
That's why I'm moving on

Don't stop now, dance til forever  
Move alone, free as a feather  
Glad we're done, felt like forever  
Don't stop now, dance til forever  
Move alone, free as a feather  
Glad we're done, felt like forever
