

I'm Bored

Betta Lemme

When I wake up
Fuck the makeup
'Nother break up
And it all just feels like
Take a selfie
Kill me softly
Where's the coffee?
'Cause I'm feeling mighty

Ain't it funny?

So while you dance all night and live your best life
I'm bored, I'm bored
I'd rather fantasize than join that ride
I'm bored, I'm bored
Bla-bla bla-bla countdown to mañana
Bla-bla bla-bla donne-moi mes pyjamas
So while you dance all night and live your best life
I'm bored, I'm bored

All the small talk (Ugh)
Such a big shot (Wow)
Can you please not? (Bye)
Just leave me alone
Wish me good luck, oh (Thanks)
With a fake hug
But you all suck (O-kay)
I'd rather stay home
