

Let's Pretend I Don't Wanna Know

Betta Lemme

I'll never want to see you again
Let's pretend, let's pretend, let's pretend
I'll never want to kiss you again
Let's pretend, let's pretend, let's pretend
Yeah, sometimes I get sad now and then
Make it end, make it end, make it end, make it end, let's pretend
We're just friends

I know I wanna know
Where you're gonna go
If you plan to see her
Cause I'll never be her

Please don't take it slow
Don't soften the blow
A better way to go
Cause eventually I'll know
Mmm, mmm, mmm, mmm

Didn't wanna know
Where you left to go
How you planned to see her
Cause I couldn't be her

Maybe take it slow
Please soften the blow
A better way to go
Cause eventually I'll know
Mmm, mmm, mmm, mmm
Mmm, mmm, mmm, mmm

I didn't wanna know
I didn't wanna know about it
I didn't wanna know
I didn't wanna know about it
About it
I didn't wanna know
I didn't wanna know about it
