

# Shut Up and Dance

Better Than Ezra

You're kinda cute but your mouth won't stop  
You got the moves when the needle drops  
Oh oh oh

I'm livin' proof when you're giving me rock and roll

Kick drum beats you up inside  
Lights flashing across your eyes  
Oh oh oh

And I ain't ever gonna 'pologize  
If your homies don't play nice

She's like a world premiere  
Blockbuster of the year  
Can't talk above the noise  
I'm losing my voice  
I don't have a choice  
She said

Shut up and dance  
Oh oh oh  
Shut up and dance  
Oh oh oh

Don't stop the radio rockin'  
I love the beat that you're droppin'  
No time to waste  
No talkin'  
Shut up and dance

So neurotic but I love your band  
I'm neck deep in your quicksand  
Oh oh oh

And I don't ever think I'm gonna land  
Till the sun comes up again

She's like a world premiere  
Blockbuster of the year  
Can't talk above the noise  
I'm losing my voice  
I don't have a choice  
She said

Shut up and dance  
Oh oh oh  
Shut up and dance  
Oh oh oh

Don't stop the radio rockin'  
I love the beat that you're droppin'  
No time to waste  
No talkin'  
Shut up and dance

And when you play The Cure

It's like 1984  
1984  
Someone head bangin' on the door  
Robert Smith couldn't ask for more  
Hey!

She's like a world premiere  
Blockbuster of the year  
Can't talk above the noise  
I'm losing my voice  
I don't have a choice  
She said

Shut up and dance  
Oh oh oh  
Shut up and dance  
Oh oh oh

Don't stop the radio rockin'  
I love the beat that you're droppin'  
No time to waste  
No talkin'  
Shut up and dance

You're kinda cute but your mouth won't stop  
...shut up and dance  
You've got the moves when the needle drops

Don't stop the radio rockin'  
I love the beat that you're droppin'  
No time to waste  
No talkin'  
Shut up and dance
