

Rudder

Bettie Serveert

Bow down for the band on the cover
They seem to make it all across the USA
Bow down, the band's been discovered
They even made it on the R.S-tones these days

What a beautiful noise
What an obvious choice
But the records seems to do so well
And everybody loves a band that sells

So why should it happen for me
If it could happen for you?
It's not like a major catastrophe
It's something you choose

So many people believe
That they could achieve anything
Worth their while
Anything worth a smile

Lying flat on the floor
Get the lock off your door
You want something to d
Make a record or two

Bow down for the band on the cover
They seem to make it all across the USA
Bow down, the band's found a rudder
And now they finally hit the charts

They're on their way, what a beautiful noise
What an obvious choice
Now the record seems to do so well
And everybody loves a band that sells
