Sugar

Betty Everett

The day you came into my life you turned me on to that thing
Sugar!
When I'm feeling low you're there to sweeten up the bad thing
Sugar, sugar!

When we kiss, I need more
I'm like a kid in a candy store

And I never get enough of sugar
Sugar's such a sweet sweet thing
I never get enough of sugar
Can't you see, you've got a hold on me

When I taste the honey from your lips it drives me crazy
Sugar!
If you went away you'd be taking candy from a baby
Sugar, sugar!

Stay with me, whatever you do
You, can't you see that I'm sweet on you

And I never get enough of sugar
Sugar's such a sweet sweet thing
I never get enough of sugar
Can't you see, you've got a hold on me

(Instrumental verse)

When you smile, the sugar drips
Like a lovin' spoonful from your lips

And I never get enough of sugar
Sugar's such a sweet sweet thing
I never get enough of sugar
Yeah, can't you see, you've got a hold on me

And I never get enough of sugar
Sugar's such a sweet sweet thing (start fade)
I never get enough of sugar
Yeah, can't you see, you've got a hold on me
