

## Be a Jumping Jack

Betty Hutton

When things go wrong and life's no song  
And you're flat on your back  
That doesn't mean you have to lie there  
Be a jumping jack

Keep on the hop and if you flop  
And everything looks black  
Stand on your head and holler, "Hi there!"  
Be a jumping jack

When things go up they must come down  
And also vice versa  
If things look bad don't fret and frown  
They could be ten times worse

Your train of luck may get stuck  
If something is on the track  
Take a good jump and you'll get by there  
Be a jumping jack

If you slip and lose your grip  
Get up and bounce right back  
Act just like a rubber ball then  
Be a jumping jack
