

# Broke, Bare Foot and Starry-Eyed

Betty Hutton

I don't wanna get away from you  
I don't wanna find a love that's new  
So keep me broke, keep me bare-foot  
Keep me starry-eyed

I don't wanna let my fancies roam  
I don't ever wanna stray from home  
So keep me broke, keep bare-foot  
Keep me starry-eyed

I've set my heart apart to just belong to you  
And night and day if you're away  
I'll be tried and true  
So my darling if you're really smart  
You won't ever let me change my heart  
You'll keep me broke, keep my bare-foot  
Keep me starry-eyed

So keep me broke, keep me bare-foot  
Keep me starry-eyed  
So keep me broke, keep me bare-foot  
Keep me starry-eyed

I've set my heart apart to just belong to you  
And night and day if you're away  
I'll be tried and true  
So my darling if you're really smart  
You won't ever let me change my heart  
You'll keep me broke, keep my bare-foot  
Keep me starry-eyed

You'll keep me broke, keep my bare-foot  
Keep me starry-eyed
