

It's Lovin' Time

Betty Hutton

It's lovin' time, I've turned the light low,

There's heavenly music on the radio,

And if my little brother

Is safely in bed, why?

Mother and dad are at the movies,

They were young once, too!

It's all so wonderful, yet I'm so lonely and blue!

It's lovin' time baby, but baby, where are you?

It's all so wonderful, yet I'm so lonely and blue!

It's lovin' time baby, but baby, where are you?

Baby, where are you?
