

If you take your time you might discover
That within your man or your woman lies a great lover
You have to be more patient with one another
Some people need more coaxing than other

See love
Is a divine creation
Love
Deserves a standing ovation
Love
Understand by man, woman, girl or boy
Love is for you to enjoy

Love is for you to enjoy
Love is for you to enjoy (enjoy)
Love is for you to enjoy (yeah)

The truth has finally come to light
Some will testify to that with all their might
That in the darkest of the night
Well even love can make the wrong seem right

Love
Is God's perfect creation
Love
The most powerful force in any nation
Love
Can build you up, or it can destroy
But love is for you to enjoy

Love is for you to enjoy
Love is for you to enjoy (enjoy)
Love is for you to enjoy

All work no play makes Jack a dull boy
and it does the same for Jill
So get on up and find yourself a love that cares
and ease on over the hill

So we have burdens to bear
But we've got love to share
You gotta find the proper balance
That's the real challenge

Love is for you to enjoy
Love is for you to enjoy
Enjoy enjoy enjoy enjoy
Enjoy enjoy enjoy enjoy
Enjoy enjoy enjoy enjoy, enjoy

Love is for you to enjoy
I said sing along if you know this song
I said love is (Love is, for you to enjoy)
I said love is (Love is, for you to enjoy)
La la la...love is (Love is, for you to enjoy)
La la la...love is (Love is, for you to enjoy)
So enjoy (Love is, for you to enjoy)

Enjoy, enjoy, enjoy, enjoy, enjoy
It's for you enjoy
It's for you enjoy
It's for you enjoy

So we have burdens to bear
But we've got love to share
You gotta find the proper balance
That's the real challenge you see cuz
La la la...love is
it's for you to enjoy, enjoy

Oh I said love is
I said love is
Love is, love is
For you to enjoy
