

All Your Kissin' Sho' Don't Make True Lovin'

Betty Wright

All your kissing and all your hugging
Baby, it sure don't make true loving
All your kissing and all your hugging
Baby, it sure don't make true loving

Everybody's talking about love
But they don't know love is sweet
But you can't buy it from the candy store
Sometimes when you think
That you really got it bad
Love can make you happy
Sometimes it can make you sad

All your kissing and all your hugging
Baby, it sure don't make true loving
All your kissing and all your hugging
Baby, it sure don't make true loving

Before you give your love to a man
Make sure that he's for real
'Cause later on in my plan
And there's a third party in the deal
I know you might think that you're in love
But does he really care
You think you're calling
But only supporting a one night love affair

All your kissing and all your hugging
Baby, it sure don't make true loving
All your kissing and all your hugging
Baby, it sure don't make true loving
