

# Good Lovin'

Betty Wright

I want some man who knows how to love me  
And knows how to love me right  
Some man who knows how to please me  
Squeeze me and hold me tight

It doesn't matter whether he's short or tall  
'Cause all I want from him most of all  
Is bit of your good lovin', (Lovin')  
Good lovin', (Lovin')  
Good lovin', (Lovin')  
That's what I want now

I want some man who knows how to touch me  
And send chills up and down my spine  
Aw, and when he's out late at night  
I don't worry 'cause I know his love is mine

It doesn't matter whether he's short or tall  
All I want from him most of all  
Is bit of your good lovin', (Lovin')  
Good lovin', (Lovin')  
Good lovin', (Lovin')  
That's what I want now

Yeah  
Would you help me call him?  
I want some man to love me (Some man to love you)  
Yeah, some man to hug me (Some man to hug you)  
Oh, and some man to squeeze me (Some man to squeeze you)  
Yeah, and some man to please me (Some man to please you)

Doesn't matter whether he's short or tall  
'Cause all I want from him most of all  
Is bit of your good lovin', (Lovin')  
Good lovin', (Lovin')  
Good lovin', (Lovin')  
That's what I want now

All I want is some man to love me (Some man to love you)  
Yeah, some man to hug me (Some man to hug you)  
Help me y'all, I want some man to squeeze me (Some man to squeeze you)  
Oh, and some man to please me (Some man to please you)  
Yeah, I just want some man to love me
