

# Ooola La

Betty Wright

Honey, hurry home  
I got to find my bones  
Your baby needs oo, la, la  
Come and feel my desire  
Let your love take me higher  
Your baby needs oo, la, la

Bring your fine self on home  
Let your sweet love turn me on  
Been missin' you since you've been gone, boy  
You and your oo, la, la, la, la, la, la, la, la, la, la  
Oo, la, la, ooh

But sometimes I lie  
But I apologize  
Forgive me baby, oh yeah  
But beyond a doubt  
I just can't do without  
Your sweet oo, la, la

Oh, I'll make you feel like a king  
Just come on babe and do your thing  
Hurry home now  
Drive me insane  
You and your oo, la, la, la, la, la, la, la, la, la  
Sweet la, la, ooh

Your baby needs love  
Ooh

Thrill me even if it kills me  
Use me as long as you groove me  
But whatever you do  
Just make sure that you  
Do me with your oo, la, la, la, la, la, la, la, la
