

Show Me

Betty Wright

Just wanna tell you what's on my mind
You've been around here for a pretty long time
Just wanna let you know about my love
And how you're the only one I've been thinkin' of

Show me what you want me to do
And I will do it for you (do it for you), yeah
Tell me what you want me to say
And I will say it to you (say it to you)

I will, you know I will, I will
I will, I will, oh yes, I will

Just wanna tell you how I feel
And how what I've got inside I can't conceal
And all of the other guys are just wastin' time
Because you've captured my heart and my mind

Show me what you want me to do
And I will do it for you (do it for you), yeah
Tell me what you want me to say
And I will say it to you (say it to you), yeah

Yes I will, you know I will
I wanna take this time and show you exactly what I feel

No hesitatin', I'm through speculatin'
Having you is worth all the time I've been waitin'
I hope this ain't just a dream or a fantasy (dream or a fantasy
)
But in case it is, please don't wake me

Show me what you want me to do
And I will do it for you (do it for you), yeah
Tell me what you want me to say
And I will say it to you (say it to you), oh-ho
Show me what you want me to do
And I will do it for you (do it for you)
Tell me what you want me to say
And I will say it to you (say it to you)

Anything you want - just ask me, baby, oh...
Anything you need - just ask me, baby (do it for you)
Anything you want - just ask me, baby
Anything you need - just ask me, baby (say it to you...)
