

# You Can't See for Lookin'

Betty Wright

Ooh baby I want you to listen to what I have to say  
Baby, yeah  
It's so easy for someone to tell you something bad about me  
Because that's what that's what your ears want to hear  
Then for someone to tell you  
That I'm being a good woman  
And loving you, loving you only my dear  
But I'm gonna do the very best I can  
To get you to try and understand  
That when you look for trouble  
You're gonna find it somewhere  
And what I want to say hey  
Is that

You can't  
You can't  
You can't see  
For looking, hey hey hey hey  
You can't  
You can't  
You can't see  
For looking, hey hey hey hey

Now your boys as you see as friends  
They'll all out to bring you down  
And you don't realize  
That's what they are trying to do to you  
So you spend most of your time  
Just believing me  
Swearing, swearing I'm being untrue to you  
But I'm not gonna let them  
Tear us apart getting next to your jealous heart  
Because I love you daddy  
And I want to make that clear  
And what I want to say hey  
Is that

You can't  
You can't  
You can't see  
For looking, hey hey hey hey

You can't  
You can't  
You can't see  
For looking, hey hey hey hey  
You can't  
You can't  
You can't see  
For looking, hey hey hey hey  
You can't  
You can't  
You can't see  
For looking, hey hey hey hey
