

# Tell Me A Lie

Bettye Lavette

Tell me that you love me, just so I can hear it  
Say that you need me, make me believe it  
Hold me close in your arms, said you'd never let go  
Said that I'm your all in all, the only one that you want  
Said you don't fuck with nobody else, and I'm the only one  
Said you'd never ever hurt me, and you put this on your son  
Promised you'd never cheat and you would always be 1hunnid  
Say you different from the rest baby

Tell me lies, tell me lies  
Make it all sound good  
Make me believe that fairy tales can happen in the hood, and when I get my heart involved, decide to let my guards down  
Show me that you're just like them all I shouldn't of trusted you around

Said you don't wanna lose me, you just can't afford  
Said you'd do anything for me cause you felt I deserve it  
Tell me you'd never treat me like the guys in my past, said that you could guarantee that we're going to last  
Said how I'm the only girl you ever felt this way about  
Say you ain't never had these feelings, find somebody else  
Then tell me how much I'm good, and there's no one like me out there  
Tell me what I wanna hear

Tell me lies, tell me lies  
Make it all sound good  
Make me believe that fairy tales can happen in the hood, and when I get my heart involved, decide to let my guards down  
Show me that you're just like them all I shouldn't of trusted you around
